

The Town of Lisbon residents are very lucky to have a very active Lisbon Fire Department Auxiliary, a wonderful Lisbon Park system and a great Pauline Haass Library, but they could use your help. Donations are used to buy equipment, materials and to add services that otherwise would be impossible in today's economic times. Please think about making a donation this year. The Library has two organizations you may donate to. Please check out the Library's website to get information on both the Friends of the Library and the Library Foundation.
